Masinoprojekt COPRING a.d., a modern privately-owned joint stock company, is the leading Serbian company in the area of Designing, Consulting and Project Management. Today, Masinoprojekt COPRING carries out construction of the most important public and industrial buildings all over Serbia and the neighboring countries, as well as in the territory of the Russian Federation.

Masinoprojekt COPRING was established in 1950 as a designing company, and it was engaged in designing the important industrial facilities on the territory of former Yugoslavia., then it includes public buildings in the field of services and nowadays it is the Leader of Designing Companies in the Region.

The Company is also the winner of many prestige awards in field of designing, such as:

Annual award Economy Winner for year 2004. Captain Misa Anastasijevic Award for the best project in 2006. (for the building of the National Bank of Serbia on Slavija Square in Belgrade) Prize for the best interior design in 2006 by the Belgrade Chamber of Economy, also for the building of the National Bank of Serbia on Slavija. Masinoprojekt COPRING also shows great humanity toward Serbian Orthodox Church and many other cultural, educational, health and sports institutions, which awarded Masinoprojekt a number of gratitude letters.

Masinoprojekt COPRING, also carries out the Reconstruction Project of thermo-energy complex of Clinical Center of Serbia financed by The World Bank, as well as Project Management for boiler rooms and primary network in Towns of Serbia (Subotica, Pancevo, Valjevo, Cacak and Uzice), financed by the European Agency for Reconstruction (EAR).
